# Flexible Water Hoses

## Transforming Water Delivery with High-Performance Innovation for Modern Plumbing

- Braided flexible water hoses are commonly used in residential and commercial plumbing applications to connect water supply lines to various fixtures, such as faucets, toilets, and washing machines.
- Very flexible, making them easy to install in tight spaces and to connect to different types of plumbing fixtures.
- Braided hoses are also resistant to kinking and twisting, which can occur with traditional copper or PVC pipes.
- Braided flexible water hoses typically consist of a rubber or plastic inner tube, which carries the water, and an outer layer of braided stainless steel or nylon fibers. The braided layer provides extra strength and durability, which helps to prevent leaks and ruptures.
- Water Heater Connectors: -4 °F to 212 °F (-20 °C to 100 °C)
- Toilet Connectors, Faucet Connectors, and Dishwasher Connectors: 68 °F to 158 °F (20 °C to 70 °C);

## Certifications and Approvals

- cUPC
- CSA B125.6-17
- ASME A112.18.6-2017
- NSF 14, 61, and 372 Certified

WDH-06-12-72	3/8" x 3/4" x 72" Dishwasher Connector	25	-	-
WDH-06-12-84	3/8" x 3/4" x 84" Dishwasher Connector	25	-	-

## FAST ORDER TURNAROUND

Our Operations Center is strategically located in the Memphis, Tennessee metro area to streamline delivery and bolster the customer service that NDL is known for throughout the industry.

# We Focus on Quality and Service So You Can Install with Confidence.

Since 1998, our mission has been to stay ahead of the curve as an industry leader in the HVAC, Refrigeration, and Plumbing markets. We have achieved this over the years by heavily emphasizing quality, and innovation, and maintaining a global team of experienced professionals to deliver top-notch service. We continue to hold ourselves to the highest standards, never sacrificing our commitment to our customers or our product that has what made us the company we are today.

*What you can expect from us:*

- Fast order turnaround
- Real-time order communications
- Field-experienced sales and technical support
- Parts packaged in contractor-friendly sized bags
- High-quality control standards for superior fit and finish

# Offering the Same High-Quality Standards with all of our Plumbing Products.

Building on our success gained from our HVAC-R products, we have grown our offerings to include plumbing products as well which include PAC Fittings that are ASME approved. Consider NDL for copper press fittings, plumbing (WOG) valves, PEX, PPSU PEX, PVC, water hose connectors and more!
